BUILD IN MODEL AUTOSCALER

Retail \$1395.00

*THE AUTOSCALER® IS
ALSO AVAILABLE IN A
RETROFIT BUILD-IN
STYLE MODEL THAT IS
INCORPORATED INTO
THE DENTAL CHAIR
AND OPERATES FROM
THE CHAIR'S MAIN
RHEOSTAT.*

Consolidate small equipment with this easily installed Build-In/Retrofit Autoscaler® models AW25BI and AW30BI into the dental chair.

Performs the same as our reputable Autoscaler® tabletop models.

This compact design eliminates clutter from the dental chair.

Requires installation by a professional service technician.

AUTOSCALER®

ULTRASONIC DENTAL SCALER WITH AUTOMATIC TUNING.
AVAILABLE IN EQUALLY EFFECTIVE 25K AND 30K MODELS

FEATURES

High Performance Ratings by a leading research institute

Do 25k and 30k Perform the Same? There is no published study proving one format outperforms the other. There is no need to switch between 25k and 30k frequency. Designed to accept and function efficiently with the corresponding frequency Dentsply/Cavitron® brand or equivalent brand inserts.

The Precision Automatic Tuning Circuit is designed to lock-in, and activate inserts in an elliptical pattern which provides feather touch removal of stain and calculus under all load conditions.

An optical built in **Air Microswitch Activator** allows the Autoscaler® to be interfaced into the operatory air system, bypassing the need for a manual footswitch.

Linear Power Control used by periodontists for special applications and routine scaling. The operator can choose the exact power level needed.

Six Year Circuit Board Warranty. The Longest In The Industry! Full parts and Labor warranty for 6 years on circuit boards and 2 years on all other components. See warranty for exact details.

Each Autoscaler® is **made in the United States of America** using over 90% American made components.

Supplied With 7.0' detachable handpiece assembly, 8.0' manual foot switch (not supplied when ordered with air microswitch option), 8.0' water tubing with 1/4" male quick connector attached, instructions and internet web support.

SPECIFICATIONS

Retail \$665.00

Size

Height: 2.2" inches, Width: 8.6" inches,
Depth: 7.9" inches.

Weight

7 Pounds

Output Power To Tip

Operator adjustable from approximately 30 to 55 watts

Power Supply To Unit

110/125 VAC 50/60Hz
220/230VAC 50/60Hz (optional)

Current

0.8 Amperes @ 110/120 VAC Fuse 3AG
(2.0 ampere) regular blow style
0.4 amperes @ 220/230 VAC Fuse 3AG
(2.0 ampere) regular blow style

Frequency Generated

25,000 Khz CPS and 30,000 Khz CPS (Two models). Accepts corresponding frequency Dentsply/Cavitron® TFI, SLI, FSI, and P series insert tips

Air Microswitch Activator (optional)

Needs a minimum input pressure of 20 PSIG and maximum of 60 PSIG city water to properly function.

Water Flow and Supply Pressure

18cc to 30cc per minute flow from insert tip. Operator adjustable precision pressure regulation. Supply pressure to scaler is 25-60 PSIG city water input or contained bottle system.

Sold through dental dealers only. The South East Instruments® Autoscaler® is acceptable for use in scaling and cleaning surfaces of teeth in conjunction with other prophylactic measures. "Cavitron, TFI, FSI, SLI and P" are registered trademarks of the Dentsply/Cavitron® Corporation. America, TPC, Delmarva, Vetroson
plus many more!
Call for Details

Procedure:

When shipping the unit or part, make sure to include your complaint and all of your contact information. Once the device is received at our facility, it will be evaluated. A complete detailed estimate is then faxed back to you before service is performed. Once approved, a typical ship time is 48 hours.

Costs:

A nominal Estimate Charge ranges from \$50.00 to \$100.00 and is applied to the estimate to cover time invested. Once the repair estimate is approved in writing, the fee is then removed. If customers do not want to pay for services and elect to have us scrap the device, we will waive the estimate and shipping charge.

Shipping and Handling

We ship all packages via UPS. Just specify your requirement. In either case, if a repair is completed or declined, shipping and handling apply.

Warranty

We warranty our parts and labor for 90 days for defects in material and workmanship. Abuse and wear and tear are excluded. See warranty for details.

Payment

If you do not have an open account with us, payment must be secured with either a VISA, Mastercard or American Express.

PARTS AND ACCESSORIES

INSERTS

Retail \$96.00

Inserts are high quality Non-Dentsply® Universal Curette and Slimline Style Perio. Available in 25k and 30k format. Insert warranty is for 90 days of purchase date.

AUTOSCALER HANDPIECE

Retail \$240.00

A great feature to our Autoscaler® is our detachable handpiece that allows for easy cleaning and assembly. It is convenient and practical for everyday use. Why reschedule appointments? Order an extra handpiece as a backup today.
